EROWA®

Exclusive Package

Automation + Tooling + JMS

Now at a special price!

OFFER:
155,000 CHF
instead of
215,000*

* This promotion is valid only for this exact combination:
Preconfigured ERC80, 26 PC210 pallets, 1 PC210 chuck, JMS process control system.

One-of-a-kind system solution - at a one-time special price

Take advantage of this opportunity to get started with—or expand—automated manufacturing in a cost-effective way: This one-time offer combines certified used pallets with an automation solution, the EROWA JMS process control system, and a compatible chuck.

These components form a coordinated, comprehensive solution designed to increase machine uptime, ensure clearly organized processes, and provide reliable workpiece handling—all at attractive special rates.

Only one copy is available. It will be allocated on a first-come, first-served basis.

first come, first served

EROWA - Manufacturing Automation at Its Best

EROWA AG, founded in Switzerland in 1971, is today a global organization dedicated to the development, production, consulting, and distribution of state-of-the-art manufacturing technology in tool and mold making, as well as in production and precision engineering. In its core business areas of clamping technology and automation, EROWA ranks among the world's leading companies. EROWA's headquarters are located in Central Switzerland. With its 13 subsidiaries and 22 representative offices, EROWA offers international points of contact and worldwide customer service.

Empowering Your Production

The next step toward greater efficiency, precision, and productivity begins now. With EROWA, you have a partner that holistically optimizes your manufacturing—from clamping technology to automation to process control. Our innovative solutions adapt flexibly to your needs and grow with you—for a manufacturing process that's ready for tomorrow.

Get in touch with us—we'd be happy to support you.
